Dear Bob & Phil:

Please accept this letter as my personal statement of appreciation for the superb pipe organ you have built for us. I am certain it is second to none in this city. The highest quality of workmanship is richly evident in every detail which we have examined.

I write to you as a person who appreciates great organ music but who knows nothing about it from a technical point of view. I do know, however, that the visiting guest organists who have performed on it have praised it and the members of our congregation without exception feel that it is a magnificent instrument.

Rest assured that I will always be glad to recommend the Bunn-Minnick Company for quality, service and workmanship to anyone who may inquire.

Respectfully,

L. Clair Warden
