To Whom it May Concern:

It is with enthusiastic confidence that I recommend the professional integrity of Robert Bunn and Philip Minnick of the Bunn-Minnick Organ Company of Columbus, Ohio. I can personally attest to their thorough workmanship and sincere dedication to whatever task they undertake. In a day when craftsmanship is disappearing, it is good to find an organ company that deals with each service contract or organ bidding or rebuilding in a personal way and with a love and concern that reminds one of the craftsman of a past era. Whatever task they perform, Mr. Bunn and Mr. Minnick will give their all in time, energy, and co-operation to make sure their customer is a "satisfied customer."

Sincerely,

(Mrs.) Dorothy Riley
