TO WHOM IT MAY CONCERN:

I WAS THE PROJECT MANAGER FOR THE RESTORATION OF THE LERNER THEATRE IN ELKHART, INDIANA. THE LERNER IS AN 1,800 SEAT CLASSIC THEATRE BUILT IN 1924 WHICH RETAINED ITS ORIGINAL KIMBALL ORGAN. THE ORGAN HAD DETERIORATED BADLY OVER THE YEARS AND WAS DESPARATELY IN NEED OF REPAIR.

WE TURNED TO BUNN MINNICK, AND ESPECIALLY PHIL MINNICK, TO RESTORE THE ORGAN TO ITS ORIGINAL SPLENDOR. BUNN MINNICK UNDERTOOK A PAINSTAKING TWO YEAR RESTORATION OF THE KIMBALL AS THOUGH THE ORGAN WERE ITS OWN. FROM THE MAGNIFICENT CONSOLE TO THE INCREDIBLE PIPES, THE ORGAN WAS BROUGHT BACK TO LIFE.

TODAY, WE USE THE ORGAN FOR SILENT MOVIES, ORGAN CONCERTS AND PLAYS – JUST AS IT WAS INTENDED TO BE USED. THE RESTORATION WAS DONE BY MASTERS, AND BUNN MINNICK DESERVES THE OUTSTANDING REPUTATION IT ENJOYS AS THE COUNTRY'S PREMIER ORGAN RESTORATION FACILITY.

IF YOU ARE CONSIDERING THE RESTORATION OF A CLASSIC ORGAN, I WOULD LOOK NO FURTHER THAN BUNN MINNICK

VERY TRULY YOURS,
