Dear Bob & Phil;

Words could never adequately express our appreciation for your extraordinary effort on behalf of our organ renovation program. You certainly went beyond the call of duty. You walked the extra mile with us. Please share our sincerest gratitude with Lillian.

Your presentation last Sunday night was outstanding. You combined professionalism with good, basic honesty. The result was tremendous. It was greater than our fondest dreams. I am sure you will agree, we witnessed another example of answered prayer.

On behalf of our organ task force, we look forward to that day when we shall gather together in the sanctuary to dedicate our magnificent new Bunn-Minnick pipe organ.

Someday, future Livingston members will view the 1980's as we do 1894 - a time when master craftsmen rebuilt our organ and continued a valued musical tradition at Livingston Church.

Yours in His name
Jordan V. Traikoff
