Dear Bob & Phil,

I want to share with you the great joy and appreciation our congregation has for your fine work in rebuilding and expanding our pipe organ.

When we started talking about the project it seemed long off but now since the work is completed and we are into our third year we love the instrument more than ever.

I especially appreciate the prompt and professional service we have had when the organ is in need of tuning or repair. It is one thing to build an organ but the continual servicing of that instrument is most important. I commend Bunn - Minnick Company for your expertise and maintenance of a marvelous musical instrument.

Sincerely,
