September 30, 2015

To Whom It May Concern,

I am writing to highly recommend to you the Bunn=Minnick Company of Columbus, Ohio. In addition to my duties as Dean of the Athenaeum of Ohio/Mount St. Mary's Seminary, I am administrator of Sacred Heart Church, Cincinnati (Camp Washington).

Bunn=Minnick restored the 1895 Felgemaker organ in 1972 and has continued to service the organ since that time. In 2014, major restoration and repair work was needed to the organ due to damage caused when our church was repainted. The Bunn=Minnick Company worked tirelessly to restore our organ. They were a model of professionalism and finished the work on time, providing us with outstanding service and much helpful advice for the maintenance and care of the organ. The difference their workmanship made is noticeable to our parish.

Phil Minnick communicated with me throughout the course of the work. If any adjustments needed to be made to the schedule, the parish was always given notice. For this company and crew, it seemed to me, the work was truly a labor of love.

As you search for a company to clean, maintain, and restore your organ, I certainly hope you choose Bunn=Minnick. My experience with them was outstanding. I hope yours will be as well. Do not hesitate to contact me if you have any questions or if you would like to know the specifics of the work done at Sacred Heart.

Sincerely,

Father Earl K. Fernandes, STD

Dean, Athenaeum of Ohio/Mount St. Mary's Seminary

Administrator, Sacred Heart Church
