Dear Mr. Minnick and Mr. Bunn:

Members of the Organ Committee of the Second Presbyterian Church, Lexington, Kentucky, have now had an opportunity to discuss the status of the renovations and additions to the organ, and to listen to selections played by Mr. Donnie Beddingfield, Church Organist, and Mrs. Betsy Steiner, Director of Bell Choirs, and former organist for the church.

In consideration of the report of completion of the organ by Mr. Beddingfield and Mrs. Steiner, and the opinions of the committee members, based on direct impressions of the level of perfection achieved in the renovation, we wish to report that the Committee now recommends acceptance of the organ by the Session of the Church. It is our understanding that any further work is limited to minor problems of tuning individual pipes and that this will be done on your next visit.

We are very pleased with the quality of work rendered by your company and we feel that your contribution to the organ music of our church has fulfilled your promises and our expectations. We are happy to convey this acceptance of the organ by our committee.

Sincerely,

Jesse G. Harris, Jr.
Chairman, Organ Committee
