

Cathedral of St. Mary

June 23, 1988

Bunn-Minnick Company
953 Harrison Avenue
Columbus, Ohio 43201

Gentlemen:

On behalf of the Archdiocese of Miami, and most especially our Cathedral parishioners, I wish to express our sincere gratitude for the fine job you did in rebuilding and enlarging our pipe organ.

The old organ, in its state of disrepair, was unable to support congregational singing. Your immediate concern for our congregational needs greatly impressed me during our initial interview.

We now have a magnificent organ of which we are very proud. In addition to inspiring the faithful, it stands as a noted concert instrument in the southeast. This was confirmed when Marianne Webb played the inaugural recital. What a glorious experience!

The versatility of the instrument becomes more apparent daily. The added "sanctuary" division has greatly improved the ensemble quality of our choir. This division's ingenious design has also provided a lovely organ for the Blessed Sacrament Chapel. This is truly a unique and successful feature.

I was convinced we had made the right decision in choosing the Bunn-Minnick Company as I watched a video recording of the historic visit of Pope John Paul II to our Cathedral. The sound of the organ, even though it was a recording, was awesome.

I would be most pleased to recommend your services to any church or concert hall. May God continue to bless you and your fine work.

Respectfully yours,

Matthew Bryant
Cathedral Organist
