

ST. PHILIP'S EPISCOPAL CHURCH • P.O. Box 484 • 129 West Mound Street, Circleville, Ohio 43113
(614) 474-4525

January 2, 1985

Dear Phil and Bob,

In January, 1982 I was appointed chairman of the Organ Research Committee for my parish, Saint Philip's Episcopal Church, Circleville, Ohio. At the time, I felt that I had been saddled with a task that was difficult to even face. We had a pipe organ that was barely functioning, was objectionable to even look at, and a congregation that was frustrated from a previous organ project.

Sunday, December 9, 1984 marked one of the most joyous events in the 167 year history of our church with the dedication of our new Bunn - Minnick Pipe Organ. As I sat for the service of dedication and recital, a very emotional time for us all, I thought back to how blessed we have been to have your company work for, and help us with our organ project.

A simple thank you, while seemingly inadequate, is surely deserved. For your patience with us, for your understanding and concern with our building and our worship, for your flexibility and many hours of work, thank you. For your gift of craftsmanship, your professionalism and honesty, I especially thank you. If there is ever a church looking at an organ project that needs to speak with someone who had dealt with Bunn - Minnick Co., I would be pleased to speak with them.

It will always be a pleasure to see you at Saint Philip's.

St. Philip's

The Reverend James C. S. Slack
Rector

Sincerely yours,

David E. Williams
David E. Williams
Chairman, Organ Research
