Gentlemen

As Organist of St. Stephen's Episcopal Church in Beckley, I am both personally and professionally very pleased with, and excited about, the exceptionally fine rebuild of the church organ.

The instrument is certainly worthy of the most accomplished organists, and I am hoping to have a number of known recitalists for our inaugural year activities.

Your quality control is noted by me particularly, since my own business stresses the same.

Noting the facial expressions and uplifted voices of the congregation, upon the first hearing of the new instrument, assures me that our church is thrilled with, and most proud of, your efforts.

I can and will most highly recommend your services. Any church in which music is stressed as much so as in ours would do well to make use of your talents.

Sincerely

William J. Kent
Chairman
