Dear One and All -

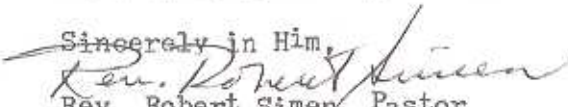

Please excuse my negligence in not writing sooner regarding the installation of our new organ here at Trinity Church. From the first day that you met with us regarding necessary work on our pipe organ - until dedication and recital Sunday, April 14 - I have nothing but high praise for your skills, craftsmanship, business dealings, personal relationships and commitment to fine organ building.

As I wrote to Dorothy Riley - there are a few occasions in the ministry of pastors that are truly glorious and outstanding - and for me, Sunday, April 14 was one of those occasions. From the dedication service in the morning through the grand recital in the afternoon - it was a day to be remembered. Thank you all for making it possible.

Thank you also for the tapes - you are most kind. They are a little too much for the portables to handle - but on my home stereo we can re-live every moment. Thank you also for your kindness in taking us to dinner following the recital. I guess such things are common in the business world - but in the church to be on the receiving end of that good time - was a real joy.

Again, to all at Bunn-Minnick Co. our sincere thanks for all you have done for us. It was a fortunate day for Trinity when we were introduced to your skills and talents.

Sincerely in Him,

Rev. Robert Simen, Pastor

P.S. When you come to tune the next time, you may be interested to see how we cared for the organ's 'umbilical' cord.
